

Joker of Venice

Welcome to the surreal and wacky world of the Joker. Set in renaissance Venice, this clever and clean slot game immerses the user in a different time. With the carnival in full swing, you meet the Joker who has a mysterious existence living in a grand and candle-lit hall. Rumours about the character abound, with locals saying that he is very wealthy; though no-one knows the truth.

The one sure thing is that the elusive Joker hosts this five-reel game in his abode. There are a number of events and bonuses for players available, whilst homage to that period in time is paid with impressive décor and symbols.
